

# <Think> Big

*Empowering Children with the Power of Code*

- ✧ Fun and engaging Coding Club.
- ✧ Be a 'Creator' of technology, not just a passive 'Consumer'.
- ✧ Learn coding and computational thinking skills.
- ✧ Different technology each term.

## - Our Clubs at Bernards Heath for Spring 2024 -

### <Think> 3D Design & Printing

Year 3 & 4

Thursday lunchtimes, 12.35 to 1.05pm

*"Flat is boring!"*

Children will explore 3D CAD software creating their own objects.

They will learn about key 3D design concepts, developing their computational thinking skills of decomposition and pattern seeking.

Children will also design their own small object to be printed using our 3D printer towards the end of term.

### <Think> Digital Games ++

Years 5 & 6

Thursdays, after-school to 4.25pm

*"It's not about turning your students into gamers, it's about trying to turn your gamers into students".*

In this club, children create their own digital video games and chat bots.

Children will start decomposing each aspect of game design – gameplay, character, animation, and design - using our popular Bloxels EDU software, before progressing to other game creator software and hardware devices.

To reserve a place for your child, please email [bookings@wethinkbig.co.uk](mailto:bookings@wethinkbig.co.uk) with the following details asap. Places are limited and will be allocated on a first come, first served basis. We do not operate an automatic renewal policy.

Ref: BHJ Spring  
Child's name & Year group

We will then send an e-form for you to complete the booking, together with payment details.

Clubs will start on Thursday 11<sup>th</sup> January with the final club for the Spring term on Thursday 21<sup>st</sup> March, so 10 weeks in total.

Year 3/4 – £63 (includes VAT and £3 for a small 3D print).  
Year 5/6 - £100 (includes VAT).

*<Think> Big was created to form a bridge: A bridge to support primary age school children gain the skills they will increasingly need in a rapidly changing and unpredictable 21<sup>st</sup> Century.*

*Since 2017, we have taught well over 10,000 children in our clubs, school workshops, weekend camps, as well as onboard P & O Cruises with our <Think Big> Tech Academy.*

*Through fun and engaging challenges and activities, our Coders learn to be imaginative and innovative problem solvers  
– confidence building, life-long skills.*
