

<Think>Big

Empowering Children with the Power of Code

- ✧ Fun and engaging Coding Club.
- ✧ Be a 'Creator' of technology, not just a passive 'Consumer'.
- ✧ Learn coding and computational thinking skills.
- ✧ Different technology each term.

- Our Clubs at Bernards Heath for Spring 2025 -

<Think> Virtual Worlds

Year 3 & 4

Thursday lunchtimes, 12.35 to 1.05pm

In this club, children create and adapt their own 3D interactive virtual worlds, developing animations and games - limited only by their own imaginations.

Children will complete fun challenges progressing to using a graphical block coding language to program their worlds.

For the duration of the club, children will also have free access to the CoSpaces Education website to use outside of the club.

<Think> MicroBits

Years 5 & 6

Thursdays, after-school to 4.25pm

The MicroBit is a small, yet amazingly powerful computer, designed to get children engaged in writing code and inventing.

In this club, children will learn the core coding concepts of sequencing, loops, variables and conditional statements. Using a block programming language, children will use their creative problem-solving skills completing fun challenges to create games, wearable technology, and remote controllers.

Lots of fun; Lots of challenge!

To reserve a place for your child, please email bookings@wethinkbig.co.uk with the following details asap. Places are limited and will be allocated on a first come, first served basis. We do not operate an automatic renewal policy.

Ref: BHJ Spring
Child's name & Year group

We will then send an e-form for you to complete the booking.

Clubs start on Thursday 16th January, with the final club for the Spring term on 27th March 2025, so 10 weeks in total

Year 3/4 – £60 (@ £6/session inc.VAT, including access to our CoSpaces EDU platform to use outside of the club during the Spring Term).

Year 5/6 - £100 (@ £10/session inc.VAT).

We are now running regular holiday Code Camps at
Bernards Heath Juniors.

<Think> Big was created to form a bridge: A bridge to support primary age school children gain the skills they will increasingly need in a rapidly changing and unpredictable 21st Century.

Since 2017, we have taught well over 10,000 children in our clubs, school workshops, weekend camps, as well as onboard P & O Cruises with our <Think Big> Tech Academy.

Through fun and engaging challenges and activities, our Coders learn to be imaginative and innovative problem solvers – confidence building, life-long skills.
