School	Bernards Heath Junior School		
Published date	September 2020	Catch-Up funding received	£28,160
Total number of pupils	353	% Disadvantaged Pupils	7.4% (incl 1 PP+)
Review date	March 2022	Final Review date	June 2022

### Contextual Information

Bernards Heath Junior School is a 3 form entry school for pupils aged 7-11. The majority of our children transfer directly from our linked school Bernards Heath Infants School at the start of Year 3. During the first lockdown period, the school had up to 44 key worker and vulnerable pupils in school. Our Year 6 cohort also attended for 7 weeks in the Summer term and were well prepared for their transition to Secondary School. All other cohorts were invited back for a 'Class Goodbye day', where they attended either a morning or afternoon session with their own class teacher and 15 members of their class (following Government guidelines). Years 3-5 also had an opportunity to meet their new class teacher for the September return. Thorough handovers were carried out by all teachers in school, and also virtually with the Year 6 onward secondary school. During the second lockdown, the school had up to 76 key worker and vulnerable pupils in school. Our risk assessment stipulated that classes should be no more than 10 children to allow for social distancing in the classroom. All the children were kept in Year group bubbles.

Throughout the first lockdown, teachers provided remote learning for all cohorts. This covered many aspects of the curriculum to keep it both broad and balanced. They also kept in touch with them regularly through year group emails and phone calls. Any children who did not have access to remote computer based learning were catered for through the delivery weekly of hard copies of learning. Disadvantaged families were well catered for throughout this period by the frequent communication with SLT and their class teachers. They were provided with a school lunch daily, where required (both delivery and pick up). Food bank vouchers were issued as required, as well as hygiene deliveries by the school. All FSM children received food vouchers for the Summer holidays. The school SENCo and Specialist SEN teacher supported children with SEN through phone calls and delivery of tailored learning to match their needs. Our Mental health lead and Vibe leads remained in weekly contact with our nurture group children, setting them tasks to help with coping with stress and anxiety. During the second lockdown, lessons were timetabled throughout the day and delivered via the Google classroom platform. A full curriculum was offered over the week. The school provided laptops for any child who did not have access to a device for their remote learning. FSM children received food vouchers for the period of lockdown, including half term. Contact was made with these families regularly. Class teachers and the SEN specialist teacher provided individualised learning to meet the needs of SEN children.

The children who joined us in Year 3 in September 2021 enjoyed a visit to school prior to the Summer break to meet their new teachers and experience the Junior school environment. The school produced videos to help the children become familiar with the school environment, expectations and to see key members of staff.

Assessment of learning strategies are well embedded into teachers practice in the classroom so that gaps in learning for individuals, groups and classes are identified with teaching adapted to meet the needs of children.

Summary of Key Priorities	
A	The wellbeing of pupils, staff and the wider community. Providing a nurturing and safe learning environment for all members of the school community ensuring that our broad and balanced curriculum continues.
B	The smooth transition of all children to their new classes, with particular focus on our new Year 3 cohort as they enter Junior School. This includes the transition from remote to in class learning in September and back to remote learning in January.
C	Focussed additional intervention to be provided to support identified pupils who have experienced significant loss of learning due to lockdowns. To make progress in core skills in English and Maths.

Summary of Expected Outcomes	
A	All members of the school community feel safe and are supported promptly where needs have been identified. The schools 'Recovering the Curriculum' strategy has been implemented.
B	Children are settled back in to school and understand the expectations of their new year group. Children and families are able to access remote learning where necessary after both lockdowns.
C	Children identified as not making appropriate progress due to lockdown receive additional time limited interventions, delivered by qualified teachers known to the school. Supporting children to make accelerated progress.

Strand 1 (EEF guide to supporting school planning: a tiered approach to 2020-21) High Quality Teaching in class to close gaps and enable good progress for all				
Element of Strand	Action/Strategy	Benefit to	Impact	Cost
<b>High quality teaching for all</b>  Recovering the curriculum document	See 'Recovering the Curriculum' document	All pupils	Adapted curriculum plans will support year group teams in planning their curriculum, ensuring that they have built in opportunities to check and replace lost learning and key skills	N/A
<b>Effective diagnostic assessment</b>  Assessment focussed staff meeting  Maths and English focussed staff meeting  Pupil progress meetings	Staff to work as year group teams to identify opportunities to assess the children's misconceptions and gaps in learning <b>Completed</b>  Essential maths to be revisited and 'tracking back' document to be used to identify areas of learning that need to be reviewed and adapted <b>Completed</b>  Pupil progress meetings focus on those children that have been	All pupils	Teachers will continue to be informed by ongoing formative assessment to identify learning that has been missed and material that has not been learnt properly. Formative assessment to be used to plan for differentiation, pre teaching and intervention groups. Teaching to be flexible, agile and responsive to address gaps and lost learning. Appropriate summative tests delivered and analysed termly.	N/A

	<p>identified as needing to make accelerated progress due to lockdown. In addition, to include all Disadvantaged pupils. <b>Completed</b></p> <p>Teachers to continue to make strong links with parents to ensure children's needs are being met <b>Ongoing</b></p> <p>Assessment leads to agree summative assessment to be used each term. <b>Completed</b></p>			
<p><b>Supporting remote learning</b> Pupils and families to be secure in using the schools remote learning tools</p>	<p>Staff training in using Google classroom as a tool for delivering remote learning <b>Completed</b></p> <p>All children and families to have login details to access Google classroom <b>Completed</b></p> <p>Classroom teaching and homework incorporates the digital technology and Google classroom app to ensure children are confident in using this technology at school and at home <b>Completed</b></p> <p>Subscriptions to online resources (White Rose Maths/Times tables rockstars) <b>Completed</b></p> <p>All logins communicated to children and their families and expectations communicated clearly with parents <b>Completed</b></p> <p>Develop a remote learning strategy</p>	<p>All pupils</p>	<p><b><u>Bernards Heath Junior School's commitment.</u></b> <b>We will provide meaningful learning tasks which are directly linked to the year group curriculum and age related levels. The work set for the children may come in a variety of formats, for example word documents, PDFs, video files etc.</b></p> <p>Learning provided will include Maths and English on a daily basis, and other subjects spread across the week.</p> <p>Maths will be differentiated into the three maths sets already in place in school.</p> <p><b>Learning will be a well-planned and well sequenced curriculum, where skills and knowledge are built upon in a comprehensive way with good clarity about the learning intention and requirements of each task.</b></p> <p>The learning might be delivered by Oak Academy, White Rose (DfE accredited resources) or other high quality professionally produced resources, or teacher produced.</p> <p><b>Planning a programme that is of equivalent length to the core teaching pupils would receive in school, including regular pre-recorded mini video blogs from teachers.</b></p> <p>The teaching will not be 'Live', but will be posted in a timely, probably daily, pattern, to allow children to access it at a time convenient to them at home, as many children would not have access to their own 'exclusive use' device at given times. If teachers are teaching most children in school, and providing some teaching for access from home, (blended learning), teachers will not be expected to do this simultaneously, as well as carry out all the other duties of a class teacher during the school day.</p> <p><b>Hard copies would be available for the small minority of families that may not have access to the internet at home. WiFi vouchers to be obtained to support these families.</b></p>	<p>N/A</p>

	<p>Identify children who have no access to technology so they can be supported through either hard copies of learning, or a school laptop device <b>Completed</b></p>		<p><b><u>Expectations of remote learning.</u></b>  Children are expected to complete all tasks to the best of their ability and return the work (screen shot on google) and/ or in the exercise book for appropriate feedback and /or marking. Children must complete the work so that their learning is not further impacted by Covid related absence.  <b>If the lockdown is of the whole year group bubble, and the teacher is not ill themselves, then they will be in a position to respond and feedback to children during the school day. However, if there is a situation where most children are in school and some children are at home, (blended learning) teachers will not be in a position to respond during the school hours of 8.50am and 3.30pm. The feedback will be after the children in school have gone home. Parents need to be aware that teachers will not be responding before 8.50am, after 6pm, or at weekends. Teachers are entitled to a reasonable work/life balance, even in the midst of this pandemic.</b>  We will be making use of high quality professionally produced videos produced by Oak Academy, White Rose and others, accredited by the DfE and directly related to our own curriculum, as teachers will be teaching throughout the school day and undertaking other in-school duties and supervisions. A primary class teacher's role is far more than teaching lessons. If children are in school, teachers will be supervising them at other times than in lessons, providing social and emotional support to individuals, liaising with colleagues and outside professionals to support individual children, contacting parents and planning, preparing and assessing learning.  <b>If individual children are self-isolating or awaiting a test, please inform the office accordingly. Teachers will then ensure that remote learning is sent out at the end of that day, if appropriate.</b>  Remote learning will not be provided if children are absent through short term illness or absent without authorisation from the HT for a holiday</p>	
<p><b>Focussing on professional development</b>  Curriculum focussed staff training delivered</p>	<p>Whole school STEPS training to be delivered to all staff <b>Completed</b></p> <p>Training on reading fluency intervention to be delivered by English lead <b>Completed</b></p> <p>Training on Guided Reading to be delivered to TA's by DHT <b>Completed</b></p>	<p>All pupils</p>	<p>Whole school ethos reaffirmed through STEPS</p> <p>Teaching Assistants will be upskilled and able to effectively support children in both targeted interventions and in class</p> <p>Strategy of echo reading is implemented across the school</p>	<p>TAs £724.22</p>

	Closing the Gap with vocabulary training to be delivered to TA's by SEND teacher <b>Delivered Oct 21</b>			
	PHSE and RSE recovery to be planned and delivered in the Autumn term <b>Completed</b>			
Total spend for Strand 1				£724.22
